DETAILED ACTION

Response to Arguments

1. Applicant's arguments filed 1/18/05 have been fully considered but they are not persuasive.

Applicant argues Mellen does not disclose the claimed step of shipping ... in Accordance with waybill shipping information signals triggered by said ordering center apparatus. Indeed, Mellen does not mention waybill shipping information signals let alone said signals triggered by said ordering center apparatus.

Mellen discloses a first computer being connected to a network for ordering labels, this computer reads on the ordering center apparatus (See col 3, lines 55-64).

Rejections remain as previously stated.

2. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
